## PROFESSIONAL SKILLS

PHP	■■■■■■■■■■■	MYSQL	■■■■■■■■■■■
(X)HTML	■■■■■■■■■■■	MONGODB	■■■■■■■■■■■
(S)CSS / SASS	■■■■■■■■■■■	WORDPRESS	■■■■■■■■■■■
JAVASCRIPT	■■■■■■■■■■■	SVN / GIT	■■■■■■■■■■■
REACT(NATIVE)	■■■■■■■■■■■	LINUX	■■■■■■■■■■■

The above outlines the key technologies in which I am most proficient; I have also written commercial solutions in many other languages including TypeScript, C, C++ and VB .NET. I am experienced with many cloud service providers including Amazon Web Services (AWS), Digital Ocean and Microsoft Azure. Where viable, I always favour best-practice development: clear coding standards, modular reusable design, and unit testing such as PHPUnit or Jest.

## WORK EXPERIENCE

**FREELANCE DEVELOPER / SYSTEMS ANALYST**  
September 2015 – Present

**ANSTECH Limited**  
Freelance full-stack developer, systems analyst, and IT consultant. Proven experience of designing, developing and delivering robust / high-availability SaaS solutions and related components for numerous clients.  
*Tech stack including Node.js / Express / Laravel / Symfony / MySQL / MongoDB / React(Native) / Expo / ESLint / Git*

**TECHNICAL DIRECTOR / SOFTWARE TEAM LEADER**  
July 2015 – March 2021

**SYSTEM X Limited**  
Architect, and execute, a freight management solution utilizing the latest web technologies for the largest privately owned parcel carrier in the UK. Establish, and direct, development and support teams to evolve the solution in-line with client requirements.  
*Tech stack including PHP / FuelPHP / MySQL / Redis / CouchDB / PouchDB / ReactNative / Expo / ESLint / SVN*

**TECHNICAL DIRECTOR / LEAD DEVELOPER**  
November 2013 – June 2023

**SQUARE TRIANGLE SERVICES Limited**  
Development of bespoke software solutions, including booking systems, CMS (Content Management Systems) and CRM (Customer Relationship Management) systems. Primarily focused on the retail experience/leisure industry, including extreme sports. Following my sale of shares in the business I continued to support the business as a consultant lead developer.  
*Tech stack including PHP / MySQL / Apache Solr / Redis / nginx / AWS / Linode*

**SYSTEMS ANALYST / WEB DEVELOPER**  
January 2013 – November 2013

**PALLETWAYS (UK) Limited**  
Support and development of the Palletways Portal, as the company began migration from a distributed legacy system to a more centralised web-based platform.  
*Tech stack including PHP / Apache Java Tomcat / MySQL*

**TECHNICAL DIRECTOR / LEAD DEVELOPER**  
March 2010 – January 2013

**EVERYMAN MOTOR RACING ACTIVITIES Limited**  
Solely responsible for the design, development, and implementation of a bespoke event administration system.  
*Tech stack including PHP / JavaScript / MySQL*

## EDUCATION

**DIXIE GRAMMAR SCHOOL**  
10 GCSEs and 4 A-Levels  
Grade A - Information Technology
